

# VERSAL<sup>®</sup>, ECO FRIENDLY PIGMENTS

Think green  
Colours  
Versal<sup>®</sup>

## VERSAL YELLOW 5GXT

C.I. - PY 74

Excellent colour strength and transparency  
The lowest content of o-anisidine (PAA)  
among other transparent PY 74 Versal's  
grades

APPLICATION POSSIBILITIES:

- Printing Inks
- Waterbased
- Nitrocellulose
- Ink jet and toners

## VERSAL YELLOW 4GNL

C.I. - PY 155

Excellent colour strength  
Crystalline version of the pigment  
Halogen-free production technology

APPLICATION POSSIBILITIES:

- Printing Inks
- Waterbased
- Coatings - Decorative, Industrial

## VERSAL RED F2RF

C.I. - PR 2

Better rheological behavior compared  
to Versal Red F2R-A  
Lower content of PCB compared to Versal  
Red F2R-A

APPLICATION POSSIBILITIES:

- Printing Inks
- Waterbased
- Nitrocellulose
