

Trade name: Cyclohexyl isocyanate
 Chemical name: Cyclohexyl isocyanate
 CAS: 3173-53-3
 EINECS: 221-639-3
 Other names: Isocyanatocyclohexane|Isocyanic acid cyclohexyl ester
 Molecular formula: $C_7H_{11}NO$
 Structural formula:

Relative mol. weight: 125.17
 General description: colourless to yellowish translucent viscous liquid with pungent smell, lachrymatory

Quality values

Content of cyclohexyl isocyanate (GC)	min. 99.0 %
Other impurities every single (GC)	max. 0.10 %
Sum of unknown impurities (GC)	max. 0.50 %
Organic solvents	max. 0.1 %
Special customer request is under discussion.	

Storage

Store in original tightly closed containers in a dry, cool and well-ventilated area.
 Thoroughly protect from atmospheric moisture.
 Store locked up.
